Milestone Markers

Throughout the HR Complete process, your HR Pro will recognize your progress towards achieving your HR goals and milestones, so you can keep sight of the big picture.

How HR Complete Works: Phases 1 - 2

PHASE 1 1 HR Audit & Action Plan Typical duration: 1 month

HR Complete begins with an interview and HR audit. A certified auditor completes a thorough assessment of your business to identify any compliance gaps. Your HR Pro will then use the results to build a custom HR Action Plan to achieve compliance and incorporate best practices.

PHASE 2 2 Compliance Typical duration: 3-9 months

Once the Action Plan is in place, your HR Pro will schedule monthly virtual meetings to execute it. The first priority is compliance — minimizing the risk of fines or lawsuits, which can be devastating. Your HR Pro will develop custom materials and train you on key HR functions, practices, and rules.

Typical duration: 6-12 months

For businesses today, compliance is only half the HR story. Once the compliance issues are stabilized, HR Complete shifts focus from protection to value creation. Areas of focus include

- ORG CHART DEVELOPMENT
- SUCCESSION PLANNING
- COMPANY CULTURE
- MANAGER TRAINING
- COMPENSATION STRATEGY
- EMPLOYEE RECOGNITION
- EMPLOYEE RELATIONS
- DIVERSITY & INCLUSION

Continuing

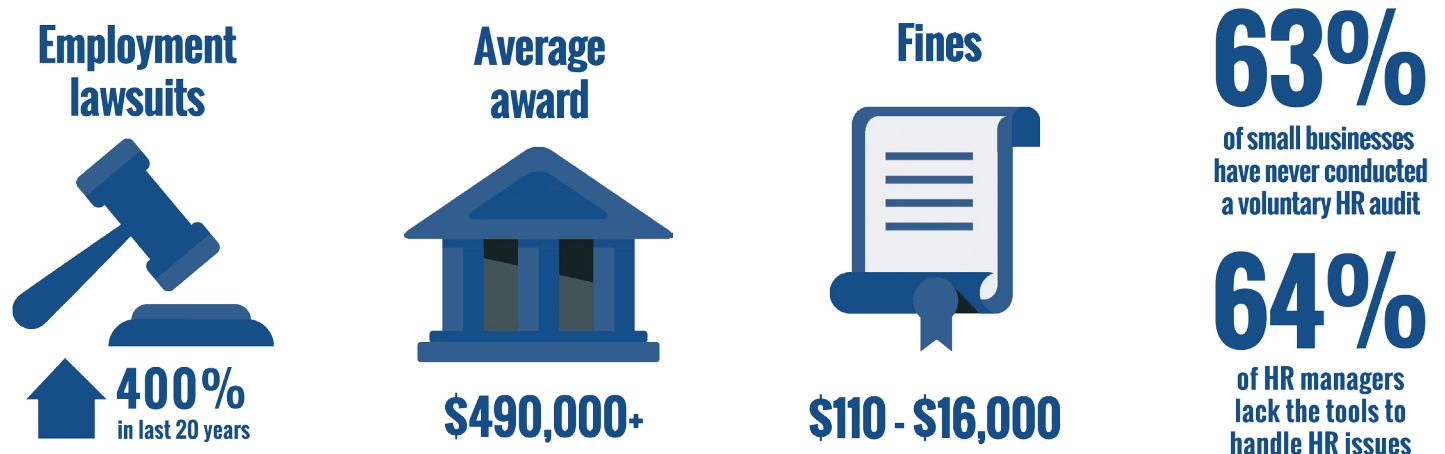

After the building blocks are in place, your HR Pro will work with you to continually develop, update, and refine your HR processes, incorporating the latest best practices and regulatory changes.

Areas of focus include

- ANNUAL HANDBOOK REVIEW
- GROWTH OF COMPANY CULTURE
- BEST PLACE TO WORK AWARDS
- TRAINING IMPLEMENTATION
- NEW BEST PRACTICES
